

1 INT. SCONE CHURCH - MASS

PASTOR

Please stand and sing our final destination hymn number 666 in your hymnals.

ELIJAH

(*space age type music bed*)
*lets follow our lord, to the beyond /
like an alien abduction of the heart/
my soul is searched forward and yon/
we launch into orbit we cannot be
apart / we race rainbow bridge in my
celestial race cart.*

PASTOR

Wha...wow yes, *soft applause* Elijah.
Anyway we are looking for more ways to
be active in our community by giving
back. That being said we are looking
for ideas because right now we got
nothin'.

GLADYS

No kidding, a bunch of nothings go to
this church!

PASTOR

So if your creative and community
driven ideas are flowing, see our
newest scone staff member Claude
Monet!

GARFIELD

Like the painter?

AGNES

Garfield, how do you know about the
painter Claude Monet? You'e usually
quite *classless*.

GARFIELD

I may have liberated some of Claude
Monet's work from a nazi (nat-z)
museum during the war.

SUSANNE

Who are you?

GARFIELD

No one asked you Susanne you damn hussy.

2 THEME SONG

3 INT. SCONE RECTORY

fx; slam

LIV

You okay Claude?

CLAUDE

I am as okay as Reese Witherspoon's last few movies.

LIV

Ah, so that's gay for 'not okay.'

fx' footsteps

PASTOR

Who is slamming doors around here?
Does it look like we're made of doors?

LIV

Well according to our budget, we're made of emergency journals and candles. So I imagine we do have money for doors.

CLAUDE

Pastor *never again* invite common parishioners to entrap me with their horrible ideas.

PASTOR

Excuse me?

CLAUDE

You heard me! After mass everyone gave me pointers and ideas on how we can have more community involvement and the bullshit that they were spewing *still* stinks.

PASTOR

Now Claude we have to try and be inclusive of other people's ideas. What were they saying?

CLAUDE

I was patient AF pastor! Suzanne suggested we go spelunking in deep sea caves as part of an old folks outreach. Chet wants to start a community garden--

PASTOR

A community garden is a great idea--

CLAUDE

I'm not finished. Chet only wants a community garden so he can grow weed.

PASTOR

I mean weed is pretty difficult to take care of. It could make for a lot of learning and bonding...

CLAUDE

YOU ARE NOT SERIOUSLY ENTERTAINING THIS IDEA.

PASTOR

Of course not! (to the side) Liv make a note of that tho.

LIV

Whatever you say Pastor "drugs-are-the-devil-but-I-take-mdical-marijuana" Jamie.

PASTOR

My back healed ages ago.

JONATHON

And you're still smoking that medical marijuana for that 'back' of yours.

PASTOR

Liv you shouldn't be so glib. We accept everyone from satanic worshipers to drug addicts. We're trying to change the world.

LIV

We can change the world, but that change will only come when I'm on the clock.

CLAUDE

Ok my point here is that i am no longer accepting ideas from the parish. Because frankly they're idiots.

JONATHON

Amen! I hate you and think you're the worst, but I agree with that statement, which is the only statement you've said that is true.

PASTOR

Jonathon, amen awomen, please. Well what do you suggest we do Claude?

CLAUDE

I say that before we can reach out to our community we have to *create* a community. We really need a better social media presence.

PASTOR

ooo like more email blasts! I love sending out email blasts. I have a great quote for "heard around the parish" its actually really funny...

CLAUDE

pastor no, honey just no, take a lap.

PASTOR

oh okay...

FOOTSTEPS OF HER LITERALLY TAKING A LAP.

CLAUDE

Is she *literally* taking a lap?

LIV

We work with a bunch of golden retrievers

CLAUDE

Pastor, please come back.

PASTOR

(in distance)

I have barely even started my lap.

LIV
Pastor I have a communion biscuit!

PASTOR
(in the distance)
A communion biscuit?!

FX: rushed steps.

CLAUDE
Pastor Jamie, email blast is not having a social media presence. Social media is twitter, facebook, Tumblr, Pinterest, myspace, vine, the neighborhood app, reddit, instagram. for instance I've been updating our instagram. You can follow us at @nondenominationalscone. Honestly it's a real instagram.

PASTOR
But the flock is suppose to follow *me*.

CLAUDE
The flock *does* follow you. This is not that hard. You follow people whose pictures you want to see. We want people to follow us.

PASTOR
So its follow the leader but in pictures?

CLAUDE
Pastor no that's not... ok no focus. *deep breath* Instagram is a social media site where we can post pictures of various things we have and do and preach here at SCONE and we use it for marketing. We are marketing ourselves to the masses and if they like it maybe they'll join us for mass some time or come to an event or, heaven allow, donate to our poor asses. So we need to come up with an idea on how to better the community and this church. So if everyone could put their mushy brains together that be great. Now I'm going to take a lap until you need me as a social media precense.

4 INT. SCONE CHURCH

FX: Choir Practicing.

ELIJAH

Alright everyone! Great practice! That rendition of *Candle in the Wind Tunnel* was beautiful. We will see everyone tomorrow!

MARCY

Elijah, I am still available for that solo, just so you know.

ELIJAH

I think the solo falls under Garfield's range more than yours Marcy.

MARCY

Garfield didn't hit a single one of those notes. When he was singing I thought he was having another heart attack.

DENISE

Marcy, I think Garfield sang his solo beautifully. And you really shouldn't joke about his cardio health.

GARFIELD

Thank you Denise. My heart is very fragile after that hussy over there broke it.

GLADYS

Oh, Garfield stop being so dramatic.

GARFIELD

There it is again. That pain in my chest.

DENISE

Garfield are you alright?

GARFIELD

I will be. Eventually.

DENISE

Garfield, would you slowly shuffle me to my car?

GARFIELD

I guess.

FX: Shuffles away

GLADYS

I don't like how much time those two have been spending together recently.

MARCY

I'm sorry are you talking to me?

GLADYS

Yeah! I hope you don't have any plans tonight because you and me are going to tail those two.

MARCY

Why on Earth would I possibly want to spend a perfectly good Monday night with you.

GLADYS

If you do this to me I'll give you my third cousin Ferrell's number. He's a music producer. Maybe he can help you with you're album or whatever the hell you do.

MARCY

Pharrell? Pharrell Williams is your third cousin?! Yes! I am in! Whatever you need me to do I am in!

GLADYS

Yeah um, Pharrell Williams. That's um, who I meant. Sure.

5 INT. PASTOR OFFICE

fx; knock at the door

PASTOR

We've passed the appetizers, so now you can ent-eré!

CLAUDE

Pastor, it's Claude, and I brought along one of the only parishioners whose advice I respect, Matilda.

PASTOR

Ah yes, our social justice warrior, queen of the feminists, and one of our teens Matilda...

MATILDA

Actually it's not cool to say 'social justice warrior' because it implies--

CLAUDE

Don't bother trying to educate anyone around here Matilda. It's like teaching caterpillars how to read.

PASTOR

Well what big idea did you two cook up?

MATILDA

I think one marginalized community we could help is the local prison population.

PASTOR

Ah yes, our souls are all prisoners to the human body.

CLAUDE

Pastor, we're talking about *actual* prisoners. Not some spiritual mumbo jumbo.

PASTOR

Mumbo Jumbo was the name of a witch doctor I met once on a religious retreat to New Orleans. He predicted that my blind trust and faith in people would be the downfall of me emotionally and financially.

CLAUDE

Checks out.

MATILDA

Anyway, my dad is the warden of the HAF Penitentiary. It actually stands for the Harwin-Andrews Federal Penitentiary, but most of the prisoners call it the Hard As Fuck Penitentiary.

PASTOR

I did plenty of prisoner outreach when I was doing service in a small French town.

CLAUDE

Was that French town New Orleans?

PASTOR

No. I didn't do prisoner outreach there.

MATILDA

So you know what kind of programs we could do? You'd be perfect to run this!

PASTOR

Well back in Paris, we used to pray with the prisoners.

CLAUDE

Is Paris a 'small French town'?

PASTOR

So why don't we bring the prisoners to pray, and then we can do a scared straight program--

MATILDA

I don't know if a scared straight program would be helpful since they're already in prison--

PASTOR

A scared straight program? I love it!

JONATHON

(in the distance)

Straight program? Not on my watch!

CLAUDE

(sassy)

So we're going to host a mass and then do a scared straight program for prisoners? Let's think of other ideas. Better ideas.

PASTOR

Or, we could take the prisoners and they could help clean the basement.

I've been wanting to repaint Rec Room F but Carol Ann is taking forever to clean out all the Boxing Day decorations.

MATILDA

That's not outreach, that's putting prisoners to work. That's prison labor.

PASTOR

Any opportunity to learn is a gift Matilda. That's what the giving tree said.

MATILDA

The giving tree almost died from abuse...

CLAUDE

What would the prisoners be learning from cleaning this filthy place? How to bleach the basement so that Church Hall Hermit Benni can successfully murder more people and not leave trace evidence?

PASTOR

Those were *alleged* murders, there's no proof.

fx; footsteps

LIV

I hate to eavsdrop like Jonathan--

JONATHON

(in the distance)

It's not eavesdropping if people are being loud!

SHARON

I agree. Everyone is being very loud. I have some thoughts on the matter as well but please Liv do go first. You did unceremoniously disrupt this meeting first. Or maybe i should go first considering I am the only one who thinks like a criminal in the room.

LIV

X-nay the criminal and add the word felon in there. *quick breath* Okay so I heard you wanted us to do outreach to the prisoners at the HAF Penitentiary. And while I'm all about reforming the justice and prison system and stopping systematic racial bias as well as freeing non-violent drug offenders, I don't think we're the...right church to get involved in this program.

PASTOR

What do you mean? We're a church with no judgement. We're perfect to work with people who have been judged.

LIV

My concerns are more related to how we're not qualified to work with prisoners...

MATILDA

When I'm sure my Warden father would give us a couple prisoner guards to watch over the crew.

LIV

I just think we'd botch this up. Like ruin these prisoner's lives even further, or God forbid a prisoner goes on the lamb because of us.

SHARON

Being on the lamb is harder than you think.

JONATHON

Says the woman who both was on the lamb and who is referred to being on the lamb in the bedroom.

PASTOR

Liv, it's like you spend all this time on the clock making up bogus facts.

LIV

Remember that succulent? In the bathroom?

PASTOR / JONATHAN
 Nope / No, I don't.

LIV
 The succulent died because nobody in this church took care of it. Nobody at this church could take care of that bathroom succulent. And if we killed a succulent I doubt we could give life to prisoners.

CLAUDE
 Liv, I love your realism but I'd like you to shake it back a couple saltshakers.

MATILDA
 Yeah, not everyone at SCONE is stupid.

PASTOR
 Exactly!

SHARON
 Well *I* think its a great idea. The prisoners in the area are in need of caring and generous people to help them change their lives. all it takes is something small. Because people deserve a second chance!

JONATHON
 Like how you took something small from us! small like 53k?

SHARON
 I'm just saying that we should be concerning ourselves with aiding not abetting.

LIV
 sigh Well I've voiced my concerns, that's all i cant do at this point...

fx; footsteps

6 INT. PARKING LOT

ELIJAH
We're in the church parking lot waiting for the prisoners, time to do some rehabilitation. It's Elijah and

Pastor, and Liv and Jonathan, Carol Ann and our coordinators Claude and Matildaaaaa.

PASTOR

And there's the bus with all the prisoners!

fx; bus pulls up

OFFICER MICHELLE

Well lookie here Officer Patrick!

OFFICER PATRICK

That's right Officer Michelle. We're back at SCONE.

PASTOR

Officer Patrick and Michelle? The interns of the Truth program for the police station?

OFFICER PATRICK

Former interns. We're now full time employees.

OFFICER MICHELLE

That's right! We're officially cops now.

LIV

And they had you two bring the prisoners to SCONE?

OFFICER MICHELLE & PATRICK

That's right!

MATILDA

My dad, who is the warden of HAF prison, said he couldn't give us any prison guards so he contacted the police and the police said they'd sent two officers.

JONATHON

They chose to send these two idiots?

OFFICER MICHELLE & PATRICK

That's right!

PASTOR
Carol Ann, you won't be driving today.

CAROL ANN
Oh, is it because I don't have a license?

ELIJAH
No, because Officer Michelle and Officer Patrick are driving.

PASTOR
You can be the assistant driver.

CAROL ANN
Oh goodie that sounds fun!

JONATHON
Shouldn't you be arriving with the prisoners, Sharon, considering you're a felon?

SHARON
Shouldn't you be instagram stalking a straight influencer who's never going to respond to your thirsty dms, Jonathon?

CLAUDE
Tssss, does something smell burnt.

JONATHON
Shut the fuck up Claude.

SHARON & CLAUDE
giggles

CLAUDE
Well we have a long day of activities with the prisoners, we better get to our first rehabilitation event...everyone on the bus!

fx; swipe

7 INT BUS

PASTOR
Welcome to our fun day prisoners

LIV

Uhm i dont think you should call them that.

PASTOR

Ohkay, welcome inmates

LIV

That's not any better

PASTOR

Welcome to a day of rehabilitation.

LIV

(whispering)

I can feel their eyes on me.

PASTOR

That's because you're in the front of the bus and they're all sitting behind you now will you please let me continue. ... I'd like you all to introduce yourselves and tell us your favorite ice cream flavor, why your imprisoned and what you hope to get out of today activities. lets start up front and work out way back.

THE MAC

My name is Marc McGuire but you can call me The Mac. I like moose tracks, I'm an arsonist, and I'm just glad to be out of prison.

PASTOR

Well you're not out out, but you are free for today. Thank you The Mac. Next on my list Calvin Butresse.

CALVIN BUTRESSE

It's pronounced bootreess. I like vanilla, I'm a pickpocket and I'm hoping to get ice cream out of today.

PASTOR

Oh! Then how fortuitous that I asked your favorite flavor! Next we have...

SILVER

My name is Silver, I was a drug mule for a Columbia cartel before they

killed my family and I planned to exact revenge however I was imprisoned for my previously mentioned crimes before I could feel the sweet taste of retribution. I hope to get out of today...a taste of what freedom is like before I get thrown back into solitary confinement because of my irregularly flaring temper.

CRICKETS

PASTOR

And your favorite ice cream?

SILVER

Half baked, the brownie and cookie dough one.

PASTOR

I love half baked! Next up is...

PASTOR FADES OUT JONATHON STARTS TALKING TO SILVER

JONATHON

So, Silver, you like half baked huh?

SILVER

I like the mix of brownies and cookies. What can I say? I'm a simple man once you get past my need for... *revenge.*

JONATHON

I love when a man talks about his needs. We all have needs don't we?

SILVER

Well I'm getting out of prison next week...maybe I can satisfy some of your needs?

JONATHON

It depends if you got what I need...

LIV

I'm getting uncomfortable. Can we just start driving the bus? And maybe crash the bus against a wall somewhere.

CAROL ANN

One second Liv, let me make sure I have my driving glasses.

ELIJAH

Carol Ann, those lens are thicker than the bible. The *King James* bible!

JONATHON

Well let's hope that's how thick you are too Silver.

LIV

I thought Officer Patrick and Officer Michelle were going to drive the bus?

OFFICER MICHELLE

That's right! We were but I'm not feeling too well, I can't really drive.

OFFICER PATRICK

That's right and I already drove the bus to the church.

CAROL ANN

Don't you worry Liv, I've driven buses before.

LIV

And we've been lucky not to have yet been killed in the process...

8 INT. MARCY'S CAR

MARCY

Gladys, we have been sitting outside Garfield's house for hours now. It's five oclock. If he had dinner plans he would've left by now.

GLADYS

No, Garfield is a night owl he doesn't eat dinner until seven. Ugh I love that about him. All the other old men eat at five and are in bed by seven. Not Garfield though. If he's in bed by seven, he's certainly not sleeping!

MARCY

Gladys, he's been watching Cops reruns

the whole time. How is that living life to the fullest.

GLADYS

He's been watching cops?! Oh now I know he's got a hot date tonight! Cops really riles him up. Cops get him hot and heavy.

MARCY

Alright, instead of me listening to the vulgar thing coming out of your mouth how about instead we listen to the beautiful notes that come out of my mouth on my latest self produced album entitled "Lust".

GLADYS

Oh no, I'd rather...

FX: Marcy's song plays through the radio

9 INT. BRUNCH SPOT

CLAUDE

Alright, listen up prisoners. This is our first stop: Oom-let. Oom-let is a yoga and brunch spot. But we're only here for the healing powers of brunch, not yoga.

SILVER

How is brunch going to help rehabilitate us?

MATILDA

Because food brings out the good in people.

OFFICER MICHELLE

That's right! Maybe brunch will inspire you to be released from prison.

SILVER

I'm literally going to be released from prison next week.

OFFICER PATRICK

Clearly the brunch is already working on you!

JONATHON

And if the brunch doesn't work, then maybe I'll work on you..

SILVER

Is that so?

CLAUDE

If Jonathan will stop being the church harlot, we can go inside for brunch. Samantha, Pagan Ginger and Honey are already waiting for us at the table...

fx; swipe

SAMANTHA

Guys i forgot my hydroflask. I am going to die of dehydration.

LIV

We are at a restaurant, you can order a water.

SAMANTHA

But when we leave liv, when we leave i will be without hydration, sksksksk, and I oop.

HONEY

It's OK Samantha I have my hydroflask and its a gallon bottle. I also brought my reusable straw we can share but not share germs, sksksk.

SAMANTHA

Bless you honey, Honey. Let's save the turtles together sister! But i miss the comforting weight of my own scrunchie covered hydroflask hanging from my mustard yellow swiss backpack.

THE MAC

What does any of that mean.

HONEY

We're vsco girls. duh.

THE MAC

you're a what.

HONEY

VSCO. It's like 90s style and surfer girl aesthetic mixed with social justice warrior and dino stompers.

THE MAC

Oh i just thought wore those giant shoes because you were embarrassed that you're so short.

HONEY

Well I'm embarrassed now.

PASTOR

Is everyone ready to order? I think I'll try the signature ohm-let. It comes with a side of energy crystals.

ELIJAH

I was going to do the Vegetarian's Delight Via A Peaceful Retreat Ohm-let and instead of the energy crystals can I get a side of rejuvenating kombucha?

THE MAC

Is it just me or is this whole church dumb?

CALVIN BUTRESSE

No one can pronounce my name.

THE MAC

Quiet But-reese.

CALVIN BUTRESSE

It's Boot-treese!

THE MAC

Listen, we should devise a plan to escape. It's the perfect opportunity for it.

CALVIN BUTRESSE

But what about the police guards?

fx; swipe

OFFICER PATRICK

I'll just do the No Animals Were Harmed In The Making Of This Fake Egg Ohm-lette. Can I forgo a side and

upgrade to a chakra opening?

OFFICER MICHELLE

Can I have your beefless corned beef
harsh with the grass fed natural whole
grain corn?

swipe

THE MAC

Yeah, I'm not worried about the
guards. Let me tell the rest of the
guys we want to escape.

SHARON

So... Calvin Butresse, tell me more
about your pickpocketing experience.

CALVIN BUTRESSE

It's boot-trees.

JONATHON

Calvin Butresse, do not give that
woman tips on how to pickpocket.
Sharon can fill an olympic swimming
pool with everything she's stolen.
She'd probably swim in the coins too.

CALVIN BUTRESSE

IT'S BOOT-TRESS

SHARON

I asked Bootyrest about his
pickpocketing experiences because I
wanted to know his in life
experiences.

JONATHON

Not tricks of the trade?

PASTOR

Can we all RELAX FOR ONCE?

fx; quick beat of silence.

SILVER

So... I would like your sausage and
eggs. I don't care if they have GMOs
and pumped full of antibiotics I
haven't had real meat in years so just
fill up that plate.

JONATHON

Oh I would love to fill up your plate with my sausage. Saying GMO at a yoga brunch spot. Mmm you just don't care what anyone thinks of you do you?

SILVER

I am who I am you can take it or leave it.

JONATHON

Waitress, I'll have what he's having. I'll take it all.

10 INT. MARCY'S CAR

FX: Marcy's music plays in the back ground. Marcy sings along to it harmonizing with herself.

GLADYS

Stop singing you talent-less goon!
Look! Garfield is on the move! Let's go!

MARCY

Relax, you don't have to yell.

GLADYS

Of course I had to yell, your music is so loud I had no choice but to yell.

11 INT. BRUNCH SPOT

PASTOR

Well that was just a lovely Brunch, wasn't it? I'm more stuffed than Gladys purse after Big Belly Buffet Night. Alright team, onto our next activity of the day. We are going to...can i get a drum roll...

(crickets)

i said drum roll

fx; everyone drumming noises or tongue trilling

PASTOR

THE ARCADE! Thank you everyone for that excellent prompted drum roll.

SILVER

I used to love the arcade as a kid. I

haven't gone in years.

JONATHON

I know right! It's totes a guilty pleasure of mine. I love ms. pacman.

SILVER

You know i could eat you up just like ms. pacman.

JONATHON

heavy breathing

THE MAC

(stage whisper) lots of emergency exits at an arcade, don't you think butress?

CALVIN BUTRESSE

its boo-- oh you said it right. Yeah what? Oh for the break out? Yeah an arcade could work man. Distracting lights and games...We could slip out. Have you told the others yet?

THE MAC

No i only *just* thought of it ya mook. were gonna need a distraction.

CALVIN BUTRESSE

Whadaya have in mind mac

THE MAC

Not sure yet. i guess I'll know it when i...

PASTOR

And joining us for our final destination will be our *most delinquent teens* chet and axl. Now prisoners...

LIV

Don't call them that.

PASTOR

Inmates, I want you to be at your worst.

SHARON

Uh Pastor you really shouldn't tell

inmates to be at their worst.

PASTOR

All i meant was that I'd like to try and do a small scared straight program with Chet and Axl. I want Chet and Axl to understand what prison is like.

CLAUDE

Pastor i don't know if that's exactly...

THE MAC

Oh don't worry pastor well show those boys what its like being us.

PASTOR

Thank you, the mac. You are an exemplary prisoner.

LIV

Don't call them that.

PASTOR

Yes, right, inmate. you are an exemplary inmate.

THE MAC

Ohkay butresse.

CALVIN BUTRESSE

It's bu, yeah right.

THE MAC

We are gonna get them boys to help us escape. They're just the distraction we need.

CALVIN BUTRESSE

I'll start telling the crew.

swipe.

12 INT. RESTAURANT

MARCY

Why is Garfield in this kind of classy restaurant?

GLADYS

It's past happy hour. There's no food

specials. Who is he spending all this money on?

MARCY

Now I am actually intrigued! I have my wig bin in my trunk! I can pretend to be his waitress and find out!

GLADYS

Or we could just sit in a nearby table without being spotted.

MARCY

Oh this is thrilling! The last time I had the roll of a waitress was in the TV film "Mother Doesn't Know What Mother....

GLADYS

(interrupting her)

Just get the damn wig Marcy! while he's still in the standing room waiting to get seated.

MARCY

Right!

swipe.

MARCY

(trying hard to have a different voice)

Hello sir. May I show you to your table?

GARFIELD

Not now hussy! I'm waiting for someone.

MARCY

Oh, May I ask who you are waiting on? Is it like a coworker, a friend, a *romantic interest*?

GARFIELD

Oh here she comes!

DENISE

Hello Garfield!

GARFIELD

Hi Denise.

MARCY

Denise?!

GARFIELD

Denise you look, um, very nice.

DENISE

Thank you Garfield you also look very nice.

MARCY

Um I think I am supposed to sit you at a table now.

FX: footsteps

DENISE

Of course! Lead the way! What is your name miss?

MARCY

Oh its Marc-----el---o.

DENISE

Oh, I've never met a woman with the name Marcelo.

GARFIELD

You look very familiar Mexico.

DENISE

Garfield her name is Marcelo.

GARFIELD

She's too old to have a dumb name like that.

MARCY

I will have you know...

fx; clatter of pans and commotion

GLADYS

I knew! God damn it! I knew it! I knew you two were together! Wow Garfield you moved on real fast!

DENISE

Gladys were you spying on us?

GARFIELD

You broke up with me Gladys! You were the one who said you wanted to see other people.

GLADYS

Sure, other people! But not this bumbling bafoon.

GARFIELD

You do not get to talk to Denise like that! Were just friends! She is nice to me! Gladys I think you should go. You have no business being here.

GLADYS

Fine Garfield. Let's go Marcy.

DENISE

(gasps)

Marcelo?! I thought we were friends!

MARCY

Keep your pants on Denise it's called *acting*. Feel free to put in a word with the academy. You two have a lovely evening.

FX: Footsteps walking away.

MARCY

(side whispereing to Gladys)

Gladys if you were just going to come in for a dramatic confrontation why did I even get my wig out of my truck?

GLADYS

I don't know Marcy! It was your dumb ass idea!

MARCY

You're still going to tell Pharrell though right

GLADYS

I don't know who this Pharrell guy is but I did say my cousin Ferrell is a music producer. He plays the accordion

and produces his own albums.

MARCY
Fuck you Gladys.

13 INT. ARCADE

PASTOR
Alright everyone, welcome to the arcade. They have your classics, pacman, skeeball and claw machines. They also have some new fangled stuff like virtual reality and angry birds.

LIV
Angry birds is my shit. I guess you could say I identify with them.

CHET
Come on axl im gonna wipe the floor with you in skeeball.

AXL
It's so on, you'll be lucky to be my towel boy after I'm done with you.

CALVIN BUTRESSE
Did someone say towel boy? I could use one of those. I'd like to watch you two play if that's alright.

CHET
uh yeah sure. I'm sure no one will mind a bunch of teen age boys hanging out with two criminals at a church event.

JONATHON
Silver ,let's go ride the virtual reality roller coaster. I'll do whatever ride in whatever reality you want...

FOOTSTEPS WALKING AWAY.

CHET
Uh, right. Did Jonathon just get a boyfriend?

AXL
Who cares dude you should be focusing

on your ass after I cream you in
skeeball instead of thinking about
what silver is doing to jonathons ass
in that virtual reality pod.

fx; scratch

CHET

Dude. Too much.

AXL

Dude. Definitely.

CALVIN BUTRESSE

Dudes i thought we were playing
skeeball. Leggo

THE MAC

Yeah bros. Leggo.

CHET / AXL

You guys are dope / Ok lets go.

FOOTSTEPS SKEEBALL SOUNDS VIDEO GAME NOISES.

CHET

So like since were all tight now
right, can i ask you guys a question?
About prison?

THE MAC

I suppose. As long as it doesn't force
me to incriminate myself. I know my
rights.

CHET

Nah nothing like that man. I just
wanted to know like what prison is
like? Are you all hard asses and
murderers or like what?

AXL

Yeah like is the food good.

RECORD SCRATCH.

AXL

What? It's a serious question.

THE MAC

Honestly it could be worse. I got a

bed to sleep in and 3 square meals a day. I didn't have much freedom until today and i gotta say its great to be back on the outside.

CHET

Yeah, you're cool. I'm glad your here and we could mutually bond over skeeball.

THE MAC

Mutually bond?

CHET

Yeah its something pastor tells me in our community service meetings when she talks about the authority figures in my life.

THE MAC

You see me as an authority figure?

CHET

Well you're a career criminal and in my book having a career in anything is better than nothing.

THE MAC

Well said. Let's keep playing skeeball huh, Axl here still hasn't creamed you yet.

CALVIN BUTRESSE

Pssst mac, can i holla at you for a sec.

THE MAC

What?

CALVIN BUTRESSE

What are you doing? You are going soft for the kid.

THE MAC

No you idiot. I'm gaining his trust so i can more easily throw him under the bus.

CALVIN BUTRESSE

Wait you ain't said nothing about killen' em with a bus. I thought they

was just the distraction.

THE MAC

They are you idiot! It's just an expression. Alright focus now i just stole this skeeball from the machine chet is playing at. When i give the signal you throw it at that window smashing it.

CALVIN BUTRESSE

Wait what's the signal?

THE MAC

A long low whistle. That's the signal. now to finish my plan: we then blame the boys because they're constantly getting in trouble anyway and while Pastor and Elijah are berating them we run for it. Now just hold onto that until i can get the bus keys.

CALVIN BUTRESSE

how are you gonna do that?

THE MAC

i told you, I'm gaining their trust.... (to chet) Yo Chet come here a second! My man butresse here doesn't think you have it in you to pull off a dare..

CHET

Are you kidding, I was once dared to pose as publishers clearing house to get a girl's number. What do you got?

THE MAC

(laughing) Well shit man thats next level but how do i know you ain't lying?

CHET

I usually am lying, but not about this.

THE MAC

Fine, I'm gonna hit you with an easy one. I dare you to take the bus keys off that officer, and if you're as good as you claim to be this will be

easy.

CHET

I am almost offended at this dare but I understand I have to prove my skills.

fx; chet walks away

CALVIN BUTRESSE

Dude I don't know if he can do it he sounds like he might be full of... holy shit he's back with the keys.

fx; jingle of keys, footsteps

CHET

I told you, easy.

THE MAC

Damn bro. You are very impressive. Let me see those.

CHET

I am impressive, I call it people skills.

THE MAC

This deserves another round of skeeball on me. (long low whistle) Wow man that was a great toss.

GLASS SHATTERS PEOPLE YELP AND SHRIEK

PASTOR

Chet was that you?! You're always smashing windows! It had to have been you! Elijah! Get over here and mark their names for more service hours.

CHET

Pastor that wasn't me! I am an excellent skeeball player, the ball wouldn't have just flown out of my hand. Axl man tell em it wasn't me.

AXL

All I know...is that...it wasn't me.

Pastor and Elijah continue to accuse Chet and Axl.

swipe.

THE MAC

Let's go boys! We're escaping!

RUNNING FOOTSTEPS. WHOOPS AND CHEERS.

THE MAC

Everyone onto the bus! We got the keys from those two idiots! Thanks again boys! You had me impressed! (laughing

PASTOR

Mr. The Mac, it is rude to call someone an idiot. Wait, where are you going?

ELIJAH

Officers Patrick and Michelle! Where are you! Your prisoners are escaping!

OFFICER MICHELLE

Oh no! We were cashing in our tickets! I wanted to get that blue eraser!

OFFICER PATRICK

That's right, Officer Michelle we're screwed.

CAR PEEL OUT SOUND WHOOPS AND YELLS FROM PRISONERS.

PASTOR

What are we going to do!?

CLAUDE

We'll never be allowed to do outreach programs ever again! I'm gonna get fired. Oh god. I am fired.

JONATHON

Well that part sounds good to me!

ELIJAH

Where are they going?

LIV

I knew this was a bad idea. So I'm gonna say it. I. TOLD. YOU. SO.

JONATHON

Olivia yelling will not help. But you

know what will help, my possible
boyfriend silver, **he's over there**
trying to get us some nachoes!

OFFICER MICHELLE & PATRICK
Tackle that inmate!

fx; grunting and tackling

JONATHAN
Oh my gosh, Officer Michelle nad
Patrick are tackling my possible new
love!

OFFICER MICHELLE & PATRICK
That's right!

ELIJAH
Shoot, *where* are the prisoners going.

AGNES
I know where they're going.

ELIJAH
Agnes, president of the SCODIES? What
are you doing here?

AGNES
I was next door having lunch with some
friends, and I heard you were here so
I came by to visit.

ELIJAH
Where are you friends?

AGNES
Waiting for me over there.

fx; crickets

ELIJAH
I don't see anyone.

AGNES
No matter, I did overhear some of the
prisoners say their heading for the
county border to the west in order to
confuse jurisdiction.

ELIJAH
This is so nice of you Agnes, what can

we do to thank you?

AGNES

Thank me by arresting all these
troublesome vagrants.

ELIJAH

We've got to follow the prisoners! if
we can fix this before we have to call
the police everything will be fine.

JONATHAN

That is a terrible plan -

PASTOR

I've commandeered the arcade game
transport van. theres room for
everyone. lets go!

ELIJAH

Wait wheres carol ann?

SWIPE.

THE MAC

We've done it boys. we have
successfully pulled off a prison
break.

CALVIN BUTRESSE

Technically it was an *arcade* break.

SLAP NOISE

CALVIN BUTRESSE

Alright fine damn. Ouch. You didnt
have to slap me.

CAROL ANN

What is all this noise.

CALVIN BUTRESSE

Who the fuck is that?

THE MAC

Fucking jesus, thats their volunteer
person or whatever somebody grab her
were gonna have to throw her out.

CAROL ANN

I'll have you boys know that my

husband Patrick is a black belt and he'll kick your sorry asses if i get hurt.

CALVIN BUTRESSE

Your husband ain't here to protect you.

CAROL ANN

Pastor always taught me to have faith that the strong arm of god, allah, buudah, almighty up high, almighty down low, almighty too slow will protect me.

CALVIN BUTRESSE

What the hell is this church?

CAROL ANN

Dear, I believe you meant 'what the heaven and hell is this church?' Remember, We're inclusive.

CALVIN BUTRESSE

Whatever come here you old bag.

CAROL ANN

No I don't trust. Stay back or I'll throw this book at you.

fx; lunge sound, throwing sound, clunk

CALVIN BUTRESSE

Ha! You missed.

CAROL ANN

Oh did i. Better hold on boys.

CALVIN BUTRESSE

Oh no she hit Mac who was driving and now he's unconscious! the bus is gonna crash!

ALL

(yelling, screaming, pleading, caroll ann thanking god for her "stong arm")

CAR CRASHING SOUND.

swipe. van screeching braking.

PASTOR AND ELIJAH
woah, what happened here.

DRAMATIC VIOLIN AS CAROL ANN EMERGES FROM THE WRECKAGE.

LIV
Is that carol ann!? Was she in the
bus!

OFFICER MICHELLE
Looks like it!

OFFICER PATRICK
Thats right officer michelle. lets go
investigate that bus and get the
prisoners back.

LIV
nows probably a good time to call the
police.

PASTOR
carol ann, what happened?

CAROL ANN
Well those boys woke me up from my
usual back of the bus afternoon nap.
and they threatened me so i through
the good word of the lord at them and
it hit the driver.

PASTOR
you threw a bible at the prisoners!

LIV
you shouldn't call them prisoners-- ah
its fine you can call them that.

CAROL ANN
no pastor, i was sleeping on lord
byron novels good words to work with
book.

PASTOR
still its good practice to take care
of our books carol ann.

LIV
she was fending for her life!

PASTOR
thats no escuse to abuse a book!

LIV
thats the perfect excuse! I cant
believe this.

PASTOR
once we get this bus towed back to
scone youre going to have to take a
look at it carol ann.

CAROLL ANN
of course pastor it keeps me young.
